

WHY WE ARE DIFFERENT

AMERICAN MADE

Stephen Van O'Meara is an American silversmith, and each piece is made in America.

CREATIVE ENTERPRISE

As a creative enterprise, the unusual, special and extraordinary are our everyday product, and the focus of our business is innovation, beauty and luxury. We make items for the connoisseur and the collector.

HANDCRAFTED, ONE AT A TIME

Every piece of O'Meara Sterling is handcrafted, one at a time in the studios of American silversmith Stephen Van O'Meara. Each of our handcrafted pieces has a quality, personality and attention to detail which cannot be matched by mass production silversmiths.

TRADITIONAL CRAFTSMANSHIP

We are committed to restoring the ancient techniques of handcrafting silver and gold and offering custom handcrafted items to connoisseurs and collectors worldwide.

PERSONALIZED SERVICE

We offer an intimate and memorable buying experience, where collectors purchase pieces directly from the artist, and have a piece made especially for them. We offer professional and courteous customer service, where if you can talk directly with Stephen Van O'Meara or his British wife, Amy O'Meara, head of sales and marketing.

CUSTOM DESIGNS

We handcraft custom pieces from start to finish to fulfill the dreams and ideas of our collectors.

SOLID SILVER & SOLID GOLD

Our pieces are made from the highest quality materials possible: sterling silver (92.5% pure silver), Britannia standard silver (95.8% pure silver), 14kt, 18kt & 24kt gold. All our products are solid silver or gold; we do not make any silver plated products.

LUXURIOUS

Each piece is made using a luxurious amount silver and gold, made to last for generations. The heaviest gauge silver or gold is used in our hollowware, and our castings are distinctively heavy. We do not believe in using less silver or gold in order to increase profits.

BESPOKE PACKAGING

Our packaging is worthy of the products they contain: handcrafted genuine-leather boxes and wooden presentation cases with our company logo. We also custom make cases for any number and size of item, offering our customers the ultimate storage, organization and archival solutions for their O'Meara Sterling pieces.

EARTH FRIENDLY

Our products are "Earth Friendly." We use responsibly reclaimed silver and gold of the highest purity where possible, and the finished pieces are cherished for generations. Silver and gold are "noble metals" which do not rust or corrode.
